**WHAT OUR PARTICIPANTS
HAVE SAID**

Pathways has given me the confidence to discuss religious matters and to be open to other people's views, which may be different to mine, but not necessarily wrong.

**I have grown as a Christian
and as a Catholic.**

**The variety of people
from different backgrounds
sharing their experiences
was eye-opening.**

Everyone should do it. I looked forward to going every week.

CHRISTINE HALLORAN

**The *Pathways* Programme
has been a highlight in the week
for me over the past two years.**

**NETTA
MCGOWAN**

**The Course provided me with
the opportunity to meet and
share my thoughts and feelings
with a wonderful group of people,
all of them at varying stages on
their faith journey.**

Through *Pathways* I have had the privilege of listening to some of the most inspiring speakers as they unpacked their subject matter in a friendly, relaxed and accessible style.

Pathways is undoubtedly an adult faith programme *par excellence* and I would recommend it without reservation to anyone with a curious mind and a desire to deepen their faith in, and relationship with God.

I liked the group discussions as it was a good way to share your thoughts and ideas and gain perspective.

**Participating in *Pathways*
has been a transformational
process.**

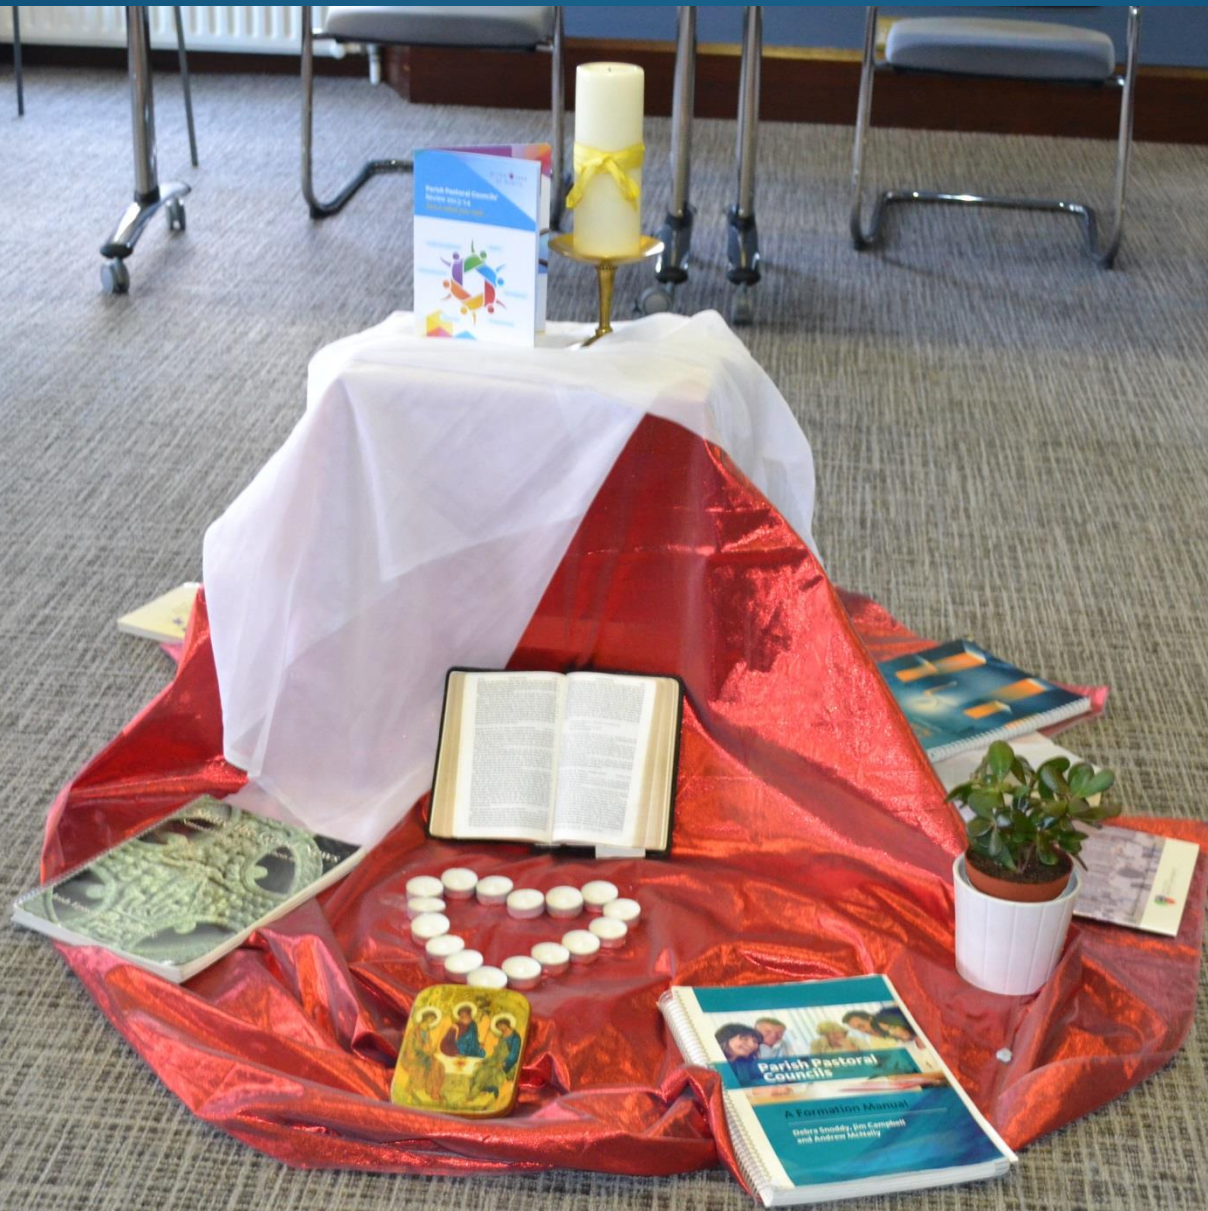

My experience over the past two years has been very enjoyable and has made me realise I have a lot to learn about my religion that I didn't understand.

MARY RUSSELL

**It has deepened my faith
and better equipped me
to deal with the slings and
arrows of life.**

**The lectures are thought
provoking and life affirming
and the atmosphere is fantastic.**

The speakers on the different religious subjects were really ordinary, easy to understand and communicate with, plus learning about the different aspects of the bible was enjoyable.

COLETTE STOKES

I enjoyed the small group sessions and listening to the different views and comments of the other participants.

The retreat days are excellent and provide a space for time away from everything for one day.

I have been reminded of how loving and forgiving God the Father is...something I didn't always remember through the journey with illness.

**GARY
HAYES**

For me the talks on liturgy stood out and now I can see the connection between the three readings at Mass.

The course is excellent for any person who wishes to explore their faith and who is interested in parish ministry.

**I really enjoyed the talks on
prayer and the Prayer
Guidance Day.**

CARMEL MCCARTHY

***Pathways* has opened my eyes to the difference between what I had learned during my school years (learn your catechism off by heart all pre Vatican II) do anything wrong and you went to hell.**

CATHERINE WOODS

Pathways for me has been
a journey of enlightenment
in aspects of my life.

***Pathways* gave me a wonderful
opportunity of coming
to a clearer understanding
of my faith.**

**ITA
O'NEILL**

**I have been comforted to
know other Christians face
similar questions and
dilemmas about their faith.**

ANNE REDMOND

I am thankful that at times throughout my life I have profoundly felt Our Lord's presence. *Pathways* was another one of those times. I am blessed to have been stirred to participate in *Pathways*.

We had excellent speakers each night and the group discussions were a good way to bring the talks to life and a way to get to know people on the course better.

**I would definitely recommend
the *Pathways* Course
to other participants.**

I had been very active in Church activities at a cost to the spiritual journey and *Pathways* to me is a way of taking time apart deepening both knowledge of the faith and increasing awareness for me of the road we are all travelling.

**The lectures are enlightening
and the lecturers committed to
their topics, taking us on a
journey admirably entitled
*Pathways.***

SUZANNE LYNCH

The presenters of the talks each week were excellent and provided a very informative talk which provoked lots of discussion in the small groups.

**The two years of the
Pathways course
were very interesting
and informative.**

I found the *Pathways* Programme very interesting, and everything was explained very well.

**The Programme introduced me
to topics I had given little
thought to before.**

I was very nervous when the course first started, which was totally unnecessary as everything was very relaxing and enjoyable.
